SUMMARY

Computer Science graduate (Magna Cum Laude, 3.8 GPA) and full-stack developer with project experience building web applications, AI tools, and cloud deployments. Strong background in Python, TypeScript, React, and FastAPI, combined with hands-on professional experience teaching technical concepts and leading organizational initiatives. Seeking an entry-level technology rotational program.

SKILLS

Languages: Python, TypeScript, JavaScript, Java, C++, C#, SQL, HTML/CSS
Web & Frameworks: React, Next.js, React Native, FastAPI, Node.js, Tailwind CSS, REST APIs
Cloud & Tools: AWS (ECS), Docker, Vercel, Git/GitHub, CI/CD (GitHub Actions), PostgreSQL, Supabase, Firebase
AI & Machine Learning: PyTorch, TensorFlow, LangChain, RAG, Scikit-Learn, Pandas, NumPy, Matplotlib, Seaborn

PROJECTS

Resume Assistant – GitHub | Live Site *Jun 2025 – Present*
⇒ *Tech Stack: React, TypeScript, Python, LangChain, Supabase, FastAPI, Docker, AWS ECS*
• Developed a resume analysis web app to provide nuanced feedback and job-specific recommendations with GPT-4o.
• Deployed containerized FastAPI backend on AWS ECS with automated CI/CD via Vercel and GitHub Actions.

AI Tutor Web Application – GitHub *(Senior Capstone Project)* *Feb 2025 – May 2025*
⇒ *Tech Stack: React, Next.js, Tailwind CSS, Python, LangChain, Supabase, FastAPI*
• Developed an LLM-powered online learning platform to provide personalized tutoring on any academic subject.
• Implemented adaptive lessons and self-grading quizzes using RAG, prompt engineering, and agentic systems.
• Deployed frontend to Vercel and backend to Render using FastAPI, a REST API architecture, and automated CI/CD.

EDUCATION

Ramapo College of New Jersey | Mahwah, NJ *Aug 2021 – Jun 2025*
Bachelor's degree, Computer Science | **GPA**: 3.8
Academic Honors & Awards: *Full-Tuition Presidential Scholarship, Magna Cum Laude, High School Salutatorian*
Relevant Courses*: Database Design, Data Structures, Analysis of Algorithms, Machine Learning, Software Design, Web Application Development, Mobile Development, Cyber Security, Organization of Programming Languages*

CERTIFICATIONS

AI Engineering Professional Certificate – IBM | Certificate Link *Nov 2024 – Jan 2025*
Topics: TensorFlow, Keras, PyTorch, NLP, Transformers, Fine-Tuning, RAG, LLMs, LangChain

Machine Learning Specialization – Stanford University & DeepLearning.AI | Certificate Link *Jun 2023 – Aug 2023*
Topics: Supervised Learning, Unsupervised Learning, Neural Networks, Reinforcement Learning

WORK EXPERIENCE

Lead Lesson Planner & Computer Science Teacher
North Star Academy Washington Park High School | *Newark, NJ* *Oct 2025 – Present*
• Taught 200+ high school students foundational programming concepts in Python, JavaScript, HTML, and CSS.
• Developed year-round curriculum for “Programming in Python” and “Principles of Computer Science” courses.
• Launched a new “Machine Learning & AI” course covering fundamentals of Data Science, ML, and Generative AI.
• Presented student progress and curriculum data to school administration during regular review meetings.

Head Counselor
Boys and Girls Club of America | *Hawthorne, NJ* *Jul 2023 – Jun 2025*
• Directed daily programs and activities for groups of 20+ children, fostering a safe, engaging, and positive environment.
• Supervised and supported assistant and junior counselors, ensuring compliance with safety and behavioral protocols.

Lead Coding Instructor
Code Ninjas | *Midland Park, NJ* *Jun 2021 – Jul 2024*
• Instructed 100+ children ages 7-14 how to code in JavaScript using the Code Ninjas digital curriculum.
• Organized, designed, and directed 10+ STEM-related summer camps as the 2022 Lead Summer Camp Director.
